## ALIVE

### TREATMENT & CLEANER

### BIODEGRADABLE

**ARROCHEM'S ALIVE** has been specifically developed to facilitate the removal of ink, dirt, grease, and foreign matter from stained surfaces. Recommended for cleaning floors mats and athletic equipment. ALIVE is catalytic in nature and continues to workdays after initial use. The unique enzyme system presents in ALIVE includes microbial production units, which can start multiplying and produce more digestive enzymes. Non-Caustic and non-toxic to pets and fish for increased safety. ALIVE is environmentally safe, containing biodegradable components that cause no problem with residual toxicity in the environment. This cleaner contains no harmful solvents and does not accumulate in ground water.

#### General

Appearance:	Clear liquid
Chemical Composition:	Enzymes
Ionic Nature:	Nonionic and Ionic
Solubility in Water, 25 deg.C:	Soluble
pH, 1-% solution:	2.5
Wetting:	Good
Foaming Nature:	Medium Foam
Phosphate Content:	None
Viscosity:	100 cps (25°C, 1 atm)

#### Application:

ALIVE may be diluted 10:1 or 16:1 with water depending on the application. We recommend 5:1 on heavy films of grease and or oil. On very thick films it may be necessary to use ALIVE straight the first few times, then cut back the dilution for regular cleaning schedule.

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
