FLOOR BRIGHT LIQUID CONCENTRATE

ENZYME BIODEGRADABLE CLEANER

ARROCHEM'S FLOOR BRIGHT encapsulates and remove oils and dirt from sensitive surfaces. The Enzyme package in Floor Bright is armed with multiple types of enzymes to digest animal and vegetable fats and greases, proteins, and Paraffin Oils and greases. Floor Bright is formulated with biodegradable rinse aides and encapsulating surfactants, to enhance the efficiency of the enzymes. The digesting action of the enzymes prevents any build-up of sludge and BioMass in pipes and drains and redeposition. Floor Bright is also excellent for high gloss finishes or sensitive coatings and will not leave any powder residue on surfaces once they are cleaned.

General Characteristics:

Surfactant:	Non-ionic
Biodegradable:	Yes
Specific Gravity:	8.5lb/gal
Flash Point	>212F

Application

Spray Floor Bright on surface to be cleaned. Use brush or Scour to activate. Let stand 10 minutes. Rinse surface with water. Repeat if necessary.
