FREEZER CLEANER

INDUSTRIAL STRENGTH

ARROCHEM'S Freezer Cleaner is an industrial strength concentrate cleaner that cuts and suspends grease, oils, and protein soils in sub-freezing environments as low as -30F. Product is free of ammonia, alkalis and acids and will not leave a powdery residue.

General

Appearance:	Light Amber liquid
Solubility in Water:	Completely miscible
pH, 1-% solution:	6.0-8.0

Application:

Spray product over soiled area. Agitate with a stiff brush to loosen and suspended soil. Remove soiled solution with a cloth or mop. Do not attempt to rinse with water in a sub-freezing environment, as diluted solution may freeze. Remove or tightly cover food products before applying.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
