STAINLESS STEEL CLEANER

INDUSTRIAL STRENGTH

ARROCHEM'S Stainless Steel Cleaner is an aggressive industrial strength concentrate cleaner that dissolves the heaviest oils and grease deposits from steel as well as copper and brass.

General

Appearance:	Clear liquid
Solubility in Water:	Soluble
pH, 1-% solution:	5-7

Application:

Stainless Steel Cleaner should be diluted with water at least 10:1 for typical cleaning of oils and greases. Product should be applied with a rag or through a spray bottle and completely rinsed from surface after cleaning. This product should be used only on equipment, which is not in direct contact with food.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
