INK REMOVING HAND CLEANER

INDUSTRIAL STRENGTH

Ink Removing Hand Cleaner is designed to effectively remove solvent-based inks, lacquers, multi-component inks and resins. It is non-flammable, non-corrosive. Cleaner works well in removing paints, coatings, sealants, and dissolves most adhesives.

General Characteristics:

Appearance:	Clear to slightly hazy liquid
Chemical Composition:	Ester/surfactant blend
Solubility in Water, 25C:	Dispersible
Wetting:	Fast Wetting

Application:

Do not wet hands or pre-clean with solvent. Hands should be dry before using Ink Removing Hand Cleaner. Apply Hand Cleaner to hands and rub hands together to loosen and dissolve ink and other soils.

Difficult areas like around the fingernails and knuckles may take repeated applications for thorough cleaning.

Rinse hand with water to remove excess cleaner.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
