LAUNDRY DETERGENT CONCENTRATE

ARROCHEM'S Laundry Detergent Concentrate is an industrial strength alkaline based heavy-duty powder detergent concentrate specifically formulated for institutional and commercial usage. Detergent is safe and economical due to the concentrated formula. Concentrate is environmentally friendly and safe for everyday use.

General Characteristics:

Appearance:	Clear Blue Liquid
Odor:	Fresh Scent
Solubility in Water:	Soluble
Lbs. / Gal.	8.58
pH:	7.0 – 8.5

Application

Liquid Laundry Detergent can be used in any type washing machine. Soiled linen or laundry should be sorted by color, fabric, and amount of soil. Wash whites and heavy soiled items separately. Add Liquid Laundry Detergent to the water in the washing machine before adding clothes for best results. Use 1/4 cup per normal wash load.
