ORANGEWORKS

BIODEGRADABLE CITRUS CLEANER

ARROCHEM's OrangeWorks is an industrial-strength cleaner and degreaser for machinery and metal parts without employing any caustic liquids or flammable solvents. OrangeWorks does not contain alkaline chemicals that irritate the skin; offers superior ease of handling by the user and does not require special precautions prior to use.

General Characteristics:

Appearance:	Clear Translucent Liquid
Odor:	Citrus
Solubility in Water, 25C:	Dispersible
pH, 1% Solution:	6.3
Activity:	85-90%
Phosphate Content:	None
Foaming Nature:	Negligible
Viscosity:	20-40 cps (25C, 1 atm)

Application:

OrangeWorks is recommended for use either as received or diluted with water to concentrations as low as 10% depending on the application. When diluting, add water to OrangeWorks to maintain the relative clarity of the solution. It is safe and effective for use on plastics or metals to clean away grease, oil, tar, or other buildup. This product easily rinses off, and as it is completely biodegradable and can be disposed of down the drain.

*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
