## QUENCH AWAY PARTS WASH LIQUID

**ARROCHEM' S QUENCH AWAY PARTS CLEANER** facilitates the removal of quench oils from carbon steel prior to tempering. It is a low foaming, mild alkaline cleaner that contains a water-based rust inhibitor to help protect metal from flash rusting. Quench away contains a high-tech rinse aid to help prevent unwanted residuals from depositing. It is also non-hazardous and non-corrosive which makes it easy for workers to use and handle.

### General Characteristics:

Chemical Composition:	Alkaline Solution
Ionic Nature:	Anionic/Nonionic Blend
Appearance:	Clear Liquid
Solubility in Water, 25C:	Soluble
pH, 1% solution:	9.0
Wetting:	Rapid
Foaming Nature:	Low

### Application:

It is recommended for normal usage at concentrations of 3-5% at temperatures of 180-190F. Product can be concentrated at double strength tough cleaning
