## SILICONE REMOVER

### Biodegradable

**ARROCHEM'S Silicone Remover** is a unique non-hazardous, high tech, biodegradable silicone remover and floor cleaner. It is non-flammable and non-corrosive and effective on concrete, epoxy, tile, and wood floors. In addition, it may be used to remove silicone from plastic parts, molds, or equipment.

#### General Characteristics:

Appearance:	Clear to slightly hazy liquid
Solubility in Water, 25C:	Dispersible
Wetting:	Fast Wetting

#### Application:

1. Mop or spray Silicone Remover undiluted onto the affected area.
2. Scrub area lightly with a brush or mop to loosen silicone and dirt.
3. Rinse thoroughly with water.
4. Repeat, if needed, on heavy build-up areas.
5. Before using, test product on a small inconspicuous area to insure compatibility with a substrate.

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system.
