## STEAM CLEANER 2000

### ALKALINE CLEANER & DEGREASER

ARROCHEM'S Steam Cleaner 2000 is a powerful and effective cleaning product designed to facilitate in the removal of dirt, grease, and foreign matter from various surfaces including aluminum, carbon steel, and stainless steel. It deep cleans, penetrates, disperses, and carries away dirt when flushed with water which makes it ideal for steam cleaning applications. Steam Cleaner 2000 is water-based & non-flammable, lending it to substitution into applications where solvent-based cleaners are not desirable.

#### General Characteristics:

Appearance:	Orange Translucent Liquid
Chemical Composition:	Alkaline Solution
Solubility in Water, 25C:	Readily Dispersible
pH, 1% solution:	13.5 ± 0.5
Wetting:	Rapid
Foaming Nature:	Medium to High
Viscosity:	25 ± 10 cps (25C, 1 atm)

#### Application:

Steam Cleaner 2000 is a cost-effective cleaner. In steam cleaning systems, ArroChem recommends the use of one-part Steam Cleaner 2000 in 35 to 80 parts water. For general cleaning applications, a 20:1 dilution is typically sufficient for use. Dilution strength may be adjusted as needed for varied cleaning tasks. Cleaner should be completely rinsed prior to surface drying to help prevent surface damage. ArroChem recommends testing for compatibility on surfaces before cleaning. This product will damage aluminum during prolonged contact times at high concentrations and temperatures.

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system
