## GO PURPLE

### CONCENTRATED FLOOR CLEANER

ARROCHEM'S GO PURPLE is a concentrate floor cleaner developed to facilitate in the removal of dirt, grease, and foreign matter. This powerful concentrate is used in shop floors and other concrete surfaces where a more powerful cleaner is required. It deep cleans, penetrates, disperses, and carries away dirt when flushed with water.

#### General Characteristics:

Appearance:	Purple Powder
Chemical Composition:	Sodium Salt Blend
Ionic Nature:	Anionic/Nonionic Blend
Solubility in Water, 25C:	Readily Dispersible
pH, 1% solution:	12.3 ± 0.5
Wetting:	Rapid
Foaming Nature:	Medium to High
Phosphate Content:	Less than 7%

#### Application:

Go Purple should be mixed thoroughly until dissolved. Cleaner is primarily sold in 4 oz packets. For light jobs, one 4oz packet is dissolved with warm water to make a 5-gallon solution. For tougher jobs, it can be used at double strength. The application should be at room temperature by soaking or coating the surface with Go Purple solution, followed by a cold-water rinse to flush the surface free of cleaning solution.

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions.
