## AUTO WASH AND WAX

Biodegradable

**ARROCHEM'S Auto Wash and Wax** has been developed to facilitate in the removal of dirt, grease, oil, and foreign matter from automobile surfaces. This product is offered as a heavy-duty concentrate for automatic car wash machines as well as for hand washing by the consumer. Auto Wash and Wax also contains a wax additive to promote luster and water repellency between washes. This additive also prevents UV degradation of the paint pigments and it helps protect against acid rain and dirt pick up.

Auto Wash and Wax has been formulated to be completely biodegradable with no harmful chemicals. It does not contain any butyl (ethylene glycol butyl ether), phosphates, or silicone products. Since it is non-hazardous, it is mild on the skin and can be used directly by the consumer. Auto Wash and Wax provides a high degree of foaming while rinsing freely with water.

### General

Chemical Composition:	Detergent
Ionic Nature:	Nonionic
Appearance:	Green Translucent Liquid
Solubility in Water, 25°C:	Readily Dispersible
pH, 2% solution:	6.7
Viscosity:	1000 cps (25°C, 1 atm)

### Application:

Typical application of Auto Wash and Wax involves the addition of product to hot or cold water for hand washing or at full strength for use in automatic spray wash machines. Product is highly concentrated and can be diluted with water for application. ArroChem recommends a dilution of 30 to 50 parts with water as a starting point.\*

\*As conditions vary, all dosages and guidelines are merely suggested starting points; it is recommended the user determine the proper operating conditions for his/her system
